DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on 8/3/2005 and 10/18/2004 are acknowledged. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the examiner considers the references cited therein.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-5 are rejected under 35 U.S.C. 102(b) as being anticipated by Swauger ('562).
4. Swauger discloses a retainer for securing a medical device comprising a base surface (not referenced), a proximal end (not referenced), a distal end (not referenced), a channel extending through (not referenced), an opening (not referenced), a pair of abutment surfaces (12) and a relief (42). The opening is coaxially aligned with the channel and has a diameter less than the diameter of the channel. The relief has a generally rectangular cross-sectional shape. (See Figure 2)

5. Thus, it appears that Swauger reasonably discloses every element of claims 1-5.
